Dear David,

I'm writing to tell you how pleased we have been with your company's product. We took your advice and tried #354-30 magnetic Halex Coils which we used on the filter systems of several of our vehicles. We were able to monitor the results and detect definite improvement in filtering performance. Clearly the magnetic coil is a worthwhile investment, as it has enhanced our vehicle upkeep.

Thank you also for making yourself available throughout our projects with the coils for questions and advice. The service after the sale is a credit to you and your company.

Sincerely,

Dirk S. Timmons  
Manager of Transportation
